

ULTIMA BOOK OF COLOURS

THE ULTIMATE COLOUR GUIDE
FOR LUXURY HOMES

Guide to Ultima Book of Colours

At Asian Paints, we pride ourselves in offering you the finest products and solutions for your home - which we see as a source of pride and joy in your life. With Ultima, our luxury range of exterior emulsions, your home's exteriors can boast superior protection with long-lasting radiance.

A unique range of luxurious earthy palettes has been thoughtfully chosen for the 2024 Ultima Book of Colours. This book is a user-friendly guide with harmonious colour palettes comprising 146 shades that cover the wide variety of homes in this country in stunning verdant environments, that will be suitable for every season. In addition to these solid colour palettes, we've paired some palettes with elegant textures by Asian Paints' Createx.

A home painted with the Ultima range of exterior emulsions exudes a rich, timeless appeal. Step into the world of luxurious exteriors with the Ultima Book of Colours.

Disclaimer:

The shades shown in the book are indicative only. Please refer to Asian Paints Colour Cosmos for exact shade reference. For texture, please ask to see a physical swatch sample or a texture patch on the wall for a more accurate colour reference. Textures may appear different in variable light conditions.

Colour of the Year 2024—Terra

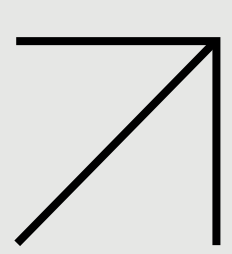

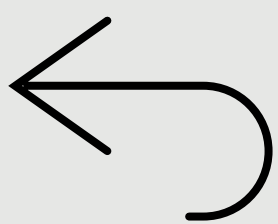

K212
Dessert Love-N

Terra emerges as the Colour of the Year amidst a growing desire for familiarity, comfort and emotional grounding in these ever-changing times. With its rich primal tones, Terra's earthiness bears a sense of connection, its nostalgic hues weaving a story of finding solace within chaos. Resonating within our deepest memories, it takes us on a journey back to the truest versions of ourselves.

It echoes the warmth of a homecoming, where familiarity grounds us in a sanctuary of emotional stability. In a world that often feels disconnected, Terra is the thread that stitches us back to the fabric of our being, a colour that quietly whispers the language of belonging.

Graphene

The discovery of a potent, wonder material, has altered the landscape of material science forever. Introducing graphene. The lightest yet strongest material ever tested. A wondrous material that's powering wide-ranging industries and reshaping the world.

Flexible yet tough, a single atom of graphene has higher tensile strength than diamond. The time has come to bring the toughness of Graphene into making your home tough too.

Presenting Apex Ultima Protek. Lamination paint for exterior, infused with Graphene that creates a strong barrier effect giving unmatched superiority against UV- caused fading, anti-crack properties thanks to elastomeric Armor and extreme weather resistance.

Now backed by a performance warranty of 12 years Asian Paints Apex Ultima Protek, home lamination powered by Graphene. Now powering your home from within.

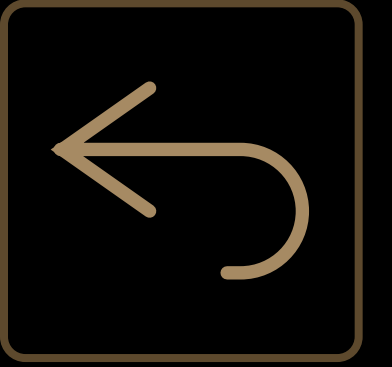

Paints and Products

Ultima Protek Duralife

Apex Ultima Protek Duralife is the most technologically advanced paint that's engineered to protect. It comes with a first-of-it's-kind 15 years paint performance warranty + 15 years waterproofing warranty + 15 years of anti-algal warranty. Its Silicon Toughened Elastomeric Enriched Layers (S.T.E.E.L) Technology comprises of a flexible inner layer, that protects your home from cracks, while the tough outer layer protects it from harsh weather conditions, making your home invincible to any attacks.

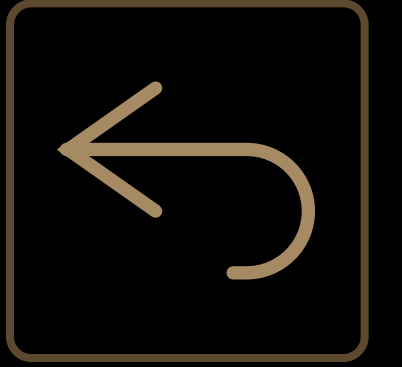

Paints and Products

Ultima Protek

Ultima Protek is the only lamination paint with Graphene. Its superior paint film with lamination technology helps you bid farewell to dampness, algae, cracks, color fading and fungus on walls. This advanced exterior paint gives 12 years of performance warranty and 10 years of waterproofing warranty if applied with Ultima Protek basecoat.

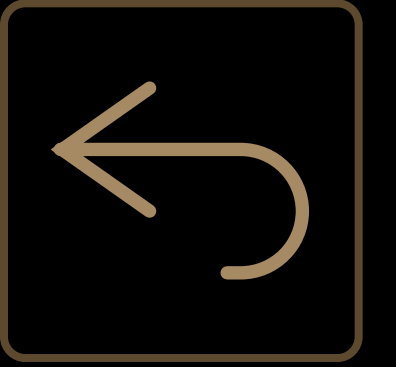

Paints and Products

Apex Ultima

Apex Ultima is a high performance Water based exterior emulsion powered by PU Serum. The Dust proof and UV Protect property of this exterior house paint fights from dust settling on the walls and extreme UV Rays of harsh Sun. The algae shield property helps to kill the growth of algae and fungus.

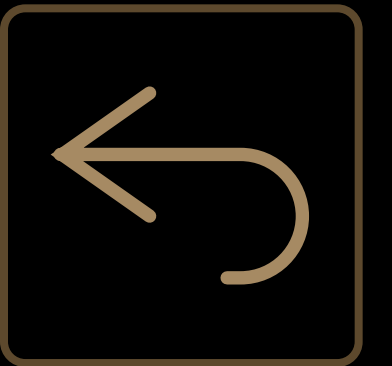

Paints and Products

Ultima Stretch

Ultima Stretch is a high performance Water based exterior emulsion powered by PU Serum, with a unique stretchable film technology that allows it to cover the hairline cracks. You can be relaxed as this products comes with the 8 years of performance warranty and its Dust proof and UV Protect property fights from dust settling on the walls and protect it from extreme UV Rays of Sun.

Exterior Shade Guide

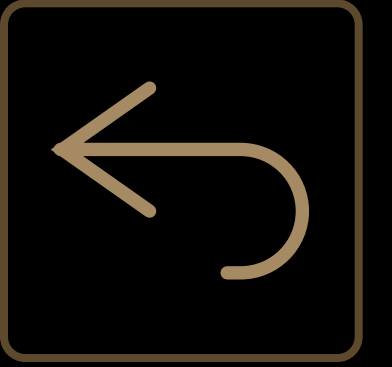

Apex Createx

The Createx Exterior Texture Range offers a wide variety of textures that bring your vision to life. Whether you're looking for a rustic, weathered finish or a sleek, contemporary surface, Createx has the versatility to adapt to any design sensibility. In addition to their stunning appearance, Createx textures are engineered to withstand the harshest weather conditions. With the Createx Exterior Texture Range, your home's exterior becomes a canvas for expression.

Exterior Shade Guide

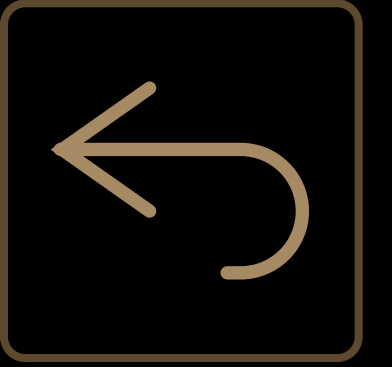

Allura Meraki

Clay and Plaster: A blend of carefully selected sands and unfired clays mixed with pigments and minerals. Can be used to finish surfaces as a cladding material. Meraki is more than just a visual delight; it's engineered to withstand the toughest weather conditions, ensuring that your home remains protected and beautiful year after year. With Meraki, Asian Paints Allura delivers a perfect synergy of beauty and strength, making your home's exterior not just a surface, but a statement of enduring grace and quality.

Exterior Shade Guide

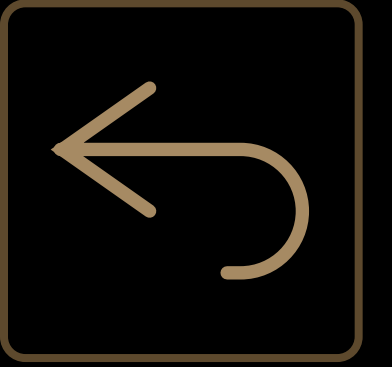

Allura Concordia

Stone Aggregates : Composite material that is a mixture of coarse particles - Crushed stone, sand, gravel & sometimes concrete. Inspired by the harmony of classical design and modern innovation, Concordia offers a sophisticated texture that enhances the architectural character of any home. Its subtle yet distinct finish adds depth and elegance to exteriors, creating a timeless appeal that resonates with both traditional and contemporary styles.

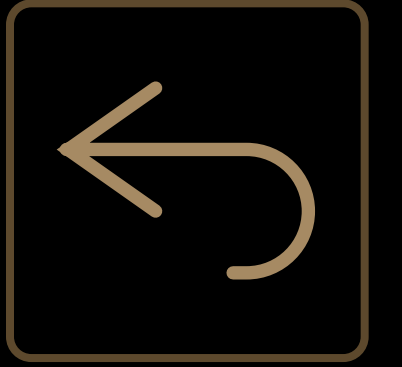

Exterior Shade Guide

Allura Reserva

Inspired by a quarry which is the birthplace of a stone. Inspired by the elegance of natural materials, Reserva offers a sophisticated blend of textures that enhance the aesthetic appeal of any building façade. The textures in this range offer a harmonious blend of subtlety and boldness, with options that cater to both minimalistic and statement-making designs.

Paints Care and Tips

System of Painting

1. Clean the surface thoroughly using a wire brush and remove loose material from the surface.
2. Surface imperfections such as holes, dents, fine cracks are to be filled with Asian Paints Wall Putty or a mixture of white cement & fine sand in the ratio of 1:3.
3. For both fresh as well as re-painting surfaces, apply one coat of exterior Wall Primer or the desired waterproofing Basecoat.
4. Apply 2-3 coats of desired Ultima range of product with 30-40% dilution. Keep an interval of 4-6 hours between two coats.

Pre-Painting Preparation

1. Freshly plastered surfaces must be allowed to cure completely before painting.
2. Paint should not be applied on surfaces / substrates which are subjected to continuous seepage or dampness.
3. If the underlying surface exhibits chalkiness, inspite of thorough surface cleaning, use Asian Paints Exterior Sealer.
4. Dark shades in exterior emulsion will need at least 3 coats of application for proper hiding.
5. More absorbent surfaces may require two coats of primer.
