röyale BOOK OF COLOURS

A SHADE GUIDE FOR INTERIORS

**Colour of
the Year 2022**
Transcendent Pink

Clematis Pink-N K048

Colour of the Year, Transcendent Pink (Clematis Pink-N K048), has a mature transitional quality, like our ever-expanding consciousness. A combination of blue and red, this greyish tone represents a mind that has the ability to synthesise new knowledge and old wisdom, and harness both. A colour that encourages us to believe, arise, and create anew.

Royale Book of Colours

A GUIDE TO COLOUR AND SPACE

Colour. Texture. Finish. Mood. There's more to a space than the perfect shade — and we'll help you discover that as well from our range of luxury emulsion paints.

Enjoy depth of colour, flawless coverage and perfect surfaces for years to come with Asian Paints Royale. The only emulsion in India with a Teflon™ Surface Protector, it shields walls from tough stains and harmful bacteria. Your home is your safe space, and we keep it so for your loved ones with low VOC, non-toxic, lead-free and odourless paints.

To get you started on the vision for your space, we have handpicked a curated collection of designer tiles and furnishings by Asian Paints along with our signature Sleek Kitchen range. Discover lighting by White Teak and floor coverings by Nilaya x Jaipur Rugs.

Create a space that bears your signature, with a little inspiration from the Royale Book of Colours.

Disclaimer:

The shades shown in the book are indicative only. Please refer to Asian Paints Colour Cosmos for exact shade reference. For texture, please ask to see a physical swatch sample or a texture patch on the wall for a more accurate colour reference. Textures, especially metallics, may appear different in variable light conditions.

Painting Tips

Refer Product Info Sheet

Refer product information sheet to know about product details & ensure the product is applied with the right painting system & methodology.

Before painting, prepare the surface

Ensure that the surface to be painted is free from any loose paint, chalky/ powdery particles, dust, chalky or grease.

Any previous growth of fungus, algae or moss to be removed thoroughly before painting by vigorous wire brushing and cleaning with water.

Surface imperfections such as holes, dents, fine cracks are to be filled with crack filler, before painting.

When not to paint – pay attention to weather conditions

Ensure not to apply paint in extreme temperature or humidity conditions or with poor ventilation. Avoid painting below 10°C surface temperature or/ and at humidity greater than 90%.

Painting Tips

Using primer, basecoats and additional coats

Ensure that a primer or waterproofing basecoat is used before applying the top coat of paint for desired paint performance.

Ensure that horizontal surfaces like top of windows, ledges and other horizontal surfaces are painted with an additional coat for greater protection.

Apply 2-3 coats of paint till you get the desired hiding or opacity, especially in dark shades.

Caring for your wall

Cleaning

For the best performance of the paint, ensure proper washing and cleaning of all algal & fungal growth at regular interval of six months.

Removing stains

For removing household stains of pencil, tea, coffee, crayons, turmeric, sketch pen etc, immediately use mild detergent solution with sponge to clean the stains.
